

Does your child have an IEP?

Come and partner with the

Pelham Special Education Focus Group

We are a group of parents and educators who work together to enhance communication and provide training and support to families and educators. We work together to keep the 'Spotlight' on Special Education while making positive changes to enrich the lives and education of our children.

We meet on the 4th Friday of most months from 8:00-9:00am at the SAU Office. For more information, please contact Mary Beth Goodell at mgoodell@pelhamsd.org.
